Blended Intensive Programme

Do you want to ...

- beat the winter blues?
- feel like spring?
- create something new?
- interact with fellow-students from all over Europe?

By attending the Spring School FWPM, you will be able to ...

- earn 5 ECTS in just one extended week.
- have the 5 ECTS recognised for the new certificate [BW & BWR International](#).
- improve your regional and transversal skills including language and intercultural skills.
- transform your creative ideas into a learning game and become a gamification pro.
- network with fellow-students from Finland, France, Spain and Sweden.

Four yeses and a 3rd-semester student or above?

Then take your chance and apply for TH AB's new FWPM (specialised elective) [Total Immersion Week – Advanced Regional and Transversal Skills](#) which will be organised as a blended pan-European Spring School for bachelor students from 7-11 March 2022 plus some preparatory and debriefing online assignments.

The motto of this first TH AB undergraduate Spring School supported by funds for the new ERASMUS+ Blended Intensive Programmes (BIPs) is inspired by gamification & edutainment: [Gamifying the BIP – Designing an Intercultural Game on Emblems](#).
